All the blanks in this form should be carefully filled and the requirements of the notes strictly observed.

An honorable discharge from the service in all cases is necessary. Declarations of claimants, either for original pension or for increase of pension already granted, must be made before a court of record, or before some officer thereof having custody of its seal: said officer being fully authorized and empowered to administer and certify any oath or affirmation relating to any pension or application therefor.

The claimant's identity and loyalty must be proven by two witnesses, certified by the judicial officer to be respectable and credible, who are present and witness the signature of the declarant, and certify to his identity and loyalty under oath or affirmation.

Declarations and other papers should be as legible and as clear in statement as possible. Where any evidence is already on file in any department of the Government, a definite description of and specific reference to it will render it available in any subsequent claim.

The post-office address (naming street and number in all large cities) of the applicant, attorney and witnesses, should be embodied in or accompany every application, and all evidence in each claim; and each change of residence of said parties, while communicating with the Pension Office or the pension agents, should be stated.

Pensions are, by law, exempted from any liability on account of the obligations of the pensioners, and no lien upon them can be recognized.

All facts, testimony of which is required to establish a claim, must be proven by the affidavits of two or more credible witnesses, unless other evidence is specified.

The statements of claimants, unless duly corroborated, are not accepted as evidence.

Testimony in support of allegations made in a declaration may be taken before any officer whose authority and signature are duly certified, and who shall disclaim any interest, direct or indirect, in the prosecution of the claim.

Persons desiring to complete claims pending at the decease of the claimants must furnish a duly verified certificate of their authority as heirs or legal representatives.

With all claims for arrears, increase, or restoration to the rolls, the original pension certificate must be returned, or explanation of its absence must be given under oath.

To facilitate the adjudication of claims, all the requisite evidence that is available should be forwarded with the application.

The Hon. Com. Pensions,  
Washington, D. C.,  
Sir,

I can give but little information in regard to the case of Mr. Mc Case. I kept no record of the case and it has been more than 10 years since I treated him.

As I remember after leaving my office for a long period with symptoms pointing to the lungs, during which period I did not see him, Mr. Case was brought to my office about the 8 or 9<sup>th</sup> of June 1886, when a large abscess pointing in one of the right bronchus in the central space was found. Upon examination the lung was found to be the seat of this abscess, which was opened and drained as best we could under the circumstances. It took several other places. The lung seemed to be completely ruined.

Very truly  
yours  
C. W. Praxton

It should have been opened long before it was too late to afford the man any chance of life. The abscess continued to discharge large quantities. He lived for several months and finally died after development of dropsy, and suppuration of several joints which was probably septic as proper drainage of the abscess cavity was impossible.

From my recollection of the history of the case at the time this man had been in a broken down condition for a long period and had been a constant sufferer from Chronic Diarrhoea ever since coming out of the army. I know that at the time I looked upon the abscess as the result of Chronic Diarrhoea, no malaria being known in the section where he lived. Doubtless the cause of the family is a just one. I have no doubt that his sickness and death was wholly due to disease contracted while in the service.

If the widow seems a person, she should receive her share

the earliest period. Mr. Carr left  
a large and helpless family as  
circumstances and their poverty  
and want is great.

IMPORTANT.—The affidavit of the Physician must conform to the instructions contained in the margin, or it will not be considered by the Pension Office as satisfactory. Therefore, he should read said instructions very carefully before undertaking to prepare this Affidavit, and then embody in his statement all the facts known to him. Let the diagnosis be so full and complete that a medical man can at once unmistakably recognize the diseases, wounds, or injuries, even though they be not technically named. Where the disability is the sequel of a wound received, injury incurred, or disease contracted in the service, the pathological connection between them must be clearly and fully set forth, together with the reasons upon which he bases his conclusions.
